

Abracs Gold PSA Sanding Discs 150mm x P120 100pc

A box of 100 Abracs Gold P.S.A (Pressure Sensitive Adhesive) sanding discs, made from a premium quality aluminium oxide grain with a specialised stearate coating and a semi-open grit binding which prevents clogging and significantly increases the sanding speed. Designed for applications involving paints, lacquers, putty and primers making these the ideal sanding solution within the automotive industry. Abracs P.S.A. discs have a unique 'easy peel' tab for ease of removal and fitting.
