

Fuel Line Connector Replacement Clips - for 5/16" (8mm)

A pack of 50 fuel connector replacement clips. The fuel connector clips used on Citroën, Peugeot, Ford and Volvo diesel engines over time become brittle and are easily broken. The fuel connectors are integral of the fuel pipe and are expensive to replace. The Connect 34294 clips allow the clip to be replaced without the need to replace the whole connector and pipe assembly.

Additional Information

- Clip for 5/16" (8mm) pipe connector.
- Applications include: Citroën, Peugeot, Ford & Volvo diesel fuel pipe connectors.
- Equivalent to Ford OEM 7L3Z9S317A. Clips for larger 3/8" (10mm) pipe also available, Part No. 34296.
- Clip dimensions: 20.8mm long by 16.2mm wide (see images). NOTE: multiple sizes of connector clip available, please check your clip before ordering.
- Also available as a pack of 10, please see Part No. 34295.
