

Fuel Line Connector Replacement Clips - for 3/8" (10mm)

A pack of 10 fuel connector replacement clips. The fuel connector clips used on Citroën, Peugeot, Ford and Volvo diesel engines over time become brittle and are easily broken. The fuel connectors are integral of the fuel pipe and are expensive to replace. The Connect 34296 clips allow the clip to be replaced without the need to replace the whole connector and pipe assembly.

Additional Information

- Clip for 3/8" (10mm) pipe connector.
- Applications include: Citroën, Peugeot, Ford & Volvo diesel fuel pipe connectors.
- Equivalent to Ford OEM 7L3Z9S317B. Clips for smaller 5/16" (80mm) pipe also available, Part No. 34295.
- Clip dimensions: 24.7mm long by 18mm wide (see images). NOTE: multiple sizes of connector clip available, please check your clip before ordering.
- Also available as a pack of 50, please see Part No. 34296.
